Dear Parent/Guardian

Third Party Web Based Service Providers

Beerwah State High School wishes to utilise the third party web based service provider/s listed on the attached page to aid students learning. For your student to use the service the teacher may need to register them as a user. Registering with these providers requires student personal information to be disclosed to the provider of the service. In the case of the services outlined below they are private companies that are hosted onshore in Australia and/or outside of Australia. Outside of Australia means that data entered to register for these sites will be stored on servers that are not based in Australia and therefore are not bound by Queensland's privacy laws. Registration **may** include disclosing the following information about your student:

- Student's First Name
- Age – for access permission to content
- Year group
- Class Teacher
- Student email

NOTE: for all school recommended databases students are required to use their school email address only

We require your permission for the registration and use of the sites by your student, as listed on the attached page. Additional information can be found in the "Website Risk Review" document available from our school web site. If you have any queries around the storage of student's information, please feel free to contact the school via email at byox@beerwahshs.eq.edu.au

Note: It is not compulsory for you to provide this consent – If you decide not to provide consent, this will not adversely affect academic achievement, or any relationships with teachers or the school.

As a parent or guardian of this student, I have read the terms of use and privacy policy of each of the websites listed. I understand that my student's personal information will be provided to these third party software providers for the purpose of my student's registration and use of the software programs and that this information may be stored outside of Australia.

Please circle your consent to all the websites listed	Yes	No
