

# SCHOOL BASED TRAINEESHIP

New vacancy now available for Year 10 or 11 students.

Role: Traineeship in sheet metal (light fabrication)

Qualification: Certificate II Engineering Production

RTO: TAFE Qld

Work Release day: Tuesday or Friday

## Duties:

- As a school based trainee you will report to your workshop foreman
- You need to be available when asked to help a tradesman or apprentice
- You must give your full attention to what other people are saying, taking time to understand the points being made, asking questions as appropriate, and not interrupting at inappropriate times
- You must be able to follow directions accurately, and report back to your supervisor when necessary
- You may be asked to finish products by drilling, deburring, polishing, etc
- You'll sometimes be asked to clean and tidy the factory working areas, or empty rubbish bins
- You may be responsible for lunchroom duties - making sure there is milk in the fridge (bought from the lunch lady), cleaning up the lunchroom after lunch (see the To Do list in lunchroom), emptying bins in lunchroom & office (downstairs), etc
- You need to always be safety conscious
- You need to be able to work in a team or independently without constant supervision
- You need to always wear appropriate PPE & uniform as directed - this includes keeping your shirt tucked in as this is a safety matter as well as being generally tidy

## Requirements: What you will learn now and in the future –

- An understanding of maths to work out cut sizes, etc
- To work within precise limits (typically +/- 1mm) or standards of accuracy
- To make decisions based on measurable criteria
- To visualize objects in three dimensions from plans and drawings
- To work easily and skillfully with your hands
- A working knowledge of workplace health and safety
- **COMMITMENT TO SCHOOL, WORK, STUDY AND TRAVEL (to Kunda Park)**

Applications: Up to date resume to Mrs Forrest asap

Shortlisted applicants will be required to complete three days' work trial
